Preliminary Amendment U.S. Patent Application No. Unassigned

Amendments to the Specification:

Please replace the paragraph at page 15, beginning at line 11, and ending at line 14 with the following amended paragraph:

In another embodiment of the present invention, the present invention relates to a method to block or bind to activate serotonin receptors and involves administering at least one compound of the present invention to a patient in an amount effective to block or bind activate serotonin receptors, such as the dosage levels described herein.
